

Planning and Lands Division AGM
Cambridge Bay, November 2018

Agreement → Law

Came into force July 2015

Expected to provide additional detail to the expectations started in the NLCA

NLCA amended to work with NuPPAA, June 18, 2015

Better defines the land use planning and impact assessment processes

NLCA still takes precedence

- institution of public government
- responsible for environmental impact assessment of proposed projects in Nunavut
 - Conducts Screening & Review of project proposals
 - Conducts Monitoring of approved projects
 - Part of an integrated resource management regime
 - Land use planning – Impact Assessment - Licensing

Kanogileokpakmata NIRB-kon?

What does the NIRB do?

ՅՈՒՆԻՎԵՐՍԻՏԵՏԻ ԿԱՂԱԿԱԿԱՆ ԽՈՐՀՈՒԹՅՈՒՆ

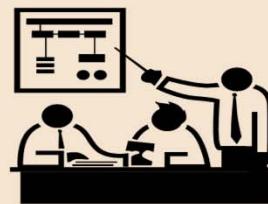

The primary objectives of the NIRB are set out in Section 12.2.5 of the NLCA:

"In carrying out its functions, the primary objectives of NIRB shall be at all times to protect and promote the existing and future well-being of the residents and communities of the Nunavut Settlement Area, and to protect the ecosystemic integrity of the Nunavut Settlement Area. NIRB shall take into account the well-being of the residents of Canada outside the Nunavut Settlement Area."

Conducts environmental assessment of project proposals in Nunavut

Provides recommendations to responsible authorities if project proposals should proceed or not

- If yes, recommend steps to minimize potential impacts

Monitor projects that have been approved to proceed

Screenings: 40-60 project proposals received

Every new screening requires
public consultation,
assessment by technical
staff, decision-making by the
Board, reporting to
government

“project”
«*projet*»

“project” means the carrying out, including the construction, operation, modification, decommissioning or abandonment, of a physical work or the undertaking or carrying out of a physical activity that involves the use of land, waters or other resources. It does not include

- (a) the undertaking or carrying out of a work or activity if its adverse ecosystemic impacts are manifestly insignificant, taking into account in particular the factors set out in paragraphs 90(a) to (i);
 - (b) the undertaking or carrying out of a work or activity that is part of a class of works or activities prescribed by regulation; or
 - (c) the construction, operation or maintenance of a building or the provision of a service, within a municipality, that does not have ecosystemic impacts outside the municipality and does not involve the deposit of waste by a municipality, the bulk storage of fuel, the production of nuclear or hydro-electric power or any industrial activities.

“proponent”

“proponent” means a person or entity, including

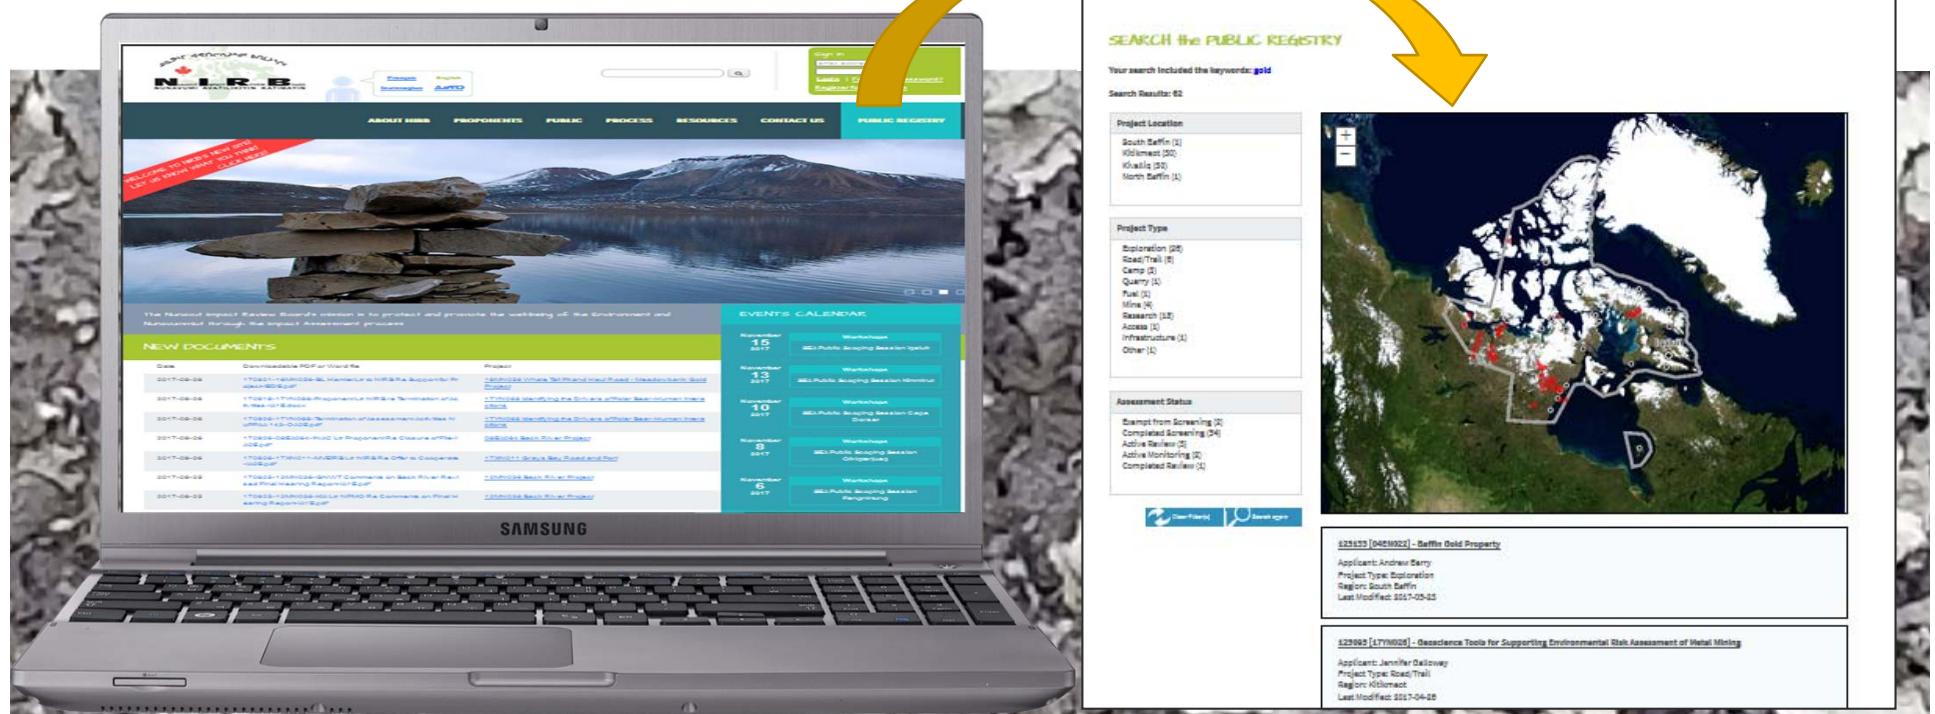

<p>Any retail, service, or commercial activity including vehicle sales, repair and/or rental, building supply, or construction, where there is 80,000 L or less of petroleum and/or waste petroleum storage.</p>	Based on Storage tank regulations, not counting fuel used for heating the structure or backup generators.
<p>Any retail, service, or commercial activity, including vehicle sales, repair and/or rental, building supply, or construction, with no significant quantities of hazardous materials.</p>	"Significant quantity" varies with the hazardous material.
<p>Outdoor storage where no hazardous materials, explosives, or bulk fuel are being stored.</p>	
<p>Warehousing where no hazardous materials, explosives, or bulk fuel are being stored.</p>	
<p>Vehicle parking, including heavy equipment, with no bulk storage of fuel, oil, or waste petroleum product.</p>	"Bulk storage" more than 80,000 L
<p>Building-mounted solar panels and wind micro-turbines.</p>	
<p>Communication towers (less than 15 meters high) or satellite facilities located within a community footprint.</p>	
<p>Testing, research, or monitoring laboratory with no significant quantity of hazardous materials or any hazardous biological research material.</p>	"Significant quantity" varies with the hazardous material.
<p>Community food storage/freezers.</p>	
<p>Kennel or animal shelter.</p>	
<p>Material extraction from existing quarries that does not increase the approved footprint of the quarry or overall amount.</p>
